many thoughts come to my head at times, like where am i going to do in the future? Well keeping in touch with this website should be helpful. Nothing special going on really I may be moving soon, lost job and feel like i need to go somewhere. I need to work on a few projects like resume, school, transportation, purchasing new phone... need a job no one will hire me... i need to hurry up and do something, i need to be extraordinary. can't settle for just a job, need to find a way to make money with the ideas i have. i know that i can be help wherever im at but, thats how it should be. Music... will be my hobbie. I must be special tho, to many people trying to do what i am. Every artist has a special touch that got them a spot, besides that the crowd is responsible for enjoying. well, somewhere i will be playing music.
