Come here, Daddy, do your worst
Do you r worst, I urge you to
You say this is customary
Well, I guess that's just another lie
Just like everything you tell me
Thought you cared about me
Thought you were my father
Thought you loved me
Thought you wouldn't hurt me
But I was mistaken

Please, just one more time
Come and show me that you love me
In that oh so special way
Come and show me, I dare you
I'll make it the last time you mortify me

"Don't worry
Its okay
This isn't gonna hurt you at all
This is what I'm supposed to do"
I love how well you lie
I believed you
I trusted you
I loved you
I obeyed your every demand
I even sold my soul to the Devil for you

Please, just one more time
Come and show me that you love me
In that oh so special way
Come and show me, I dare you
I'll make it the last time you mortify me

You think you win
When you feel me each night
Well you were wrong
Oh so very wrong
You're a loser
When you touch me
When you kiss me
You hurt me
You degrade me
And you rape me

Please, just one more time
Come and show me that you love me
In that oh so special way
Come and show me, I dare you
I'll make it the last time you mortify me

You're no longer my Father
You're no longer my fear
I'm no longer your pet
I'm no longer your toy
I'm no longer scared
I fought you
I hid from you
I ran away from you
I incarcerated you

Please, just one more time
Come and show me that you love me
In that oh so special way
Come and show me, I dare you
I'll make it the last time you mortify me

Because when I see your face
I no longer have to cry
When I see your face
I no longer have to fear
I'm finally free
I'm free
I'm free
I'm free
I'm so relieved to be free
Free from this fear

This was the last time
You can no longer show me how you love
In that oh so messed up way
Now you can't make me hide in fear
I made this the last time that you mortified me
